

## Understanding Your Airplane

We know what our flight instruments are telling us but what about all those other instruments on the panel. Do we really understand them or just expect them to stay in the usual range. This is need to know information and a great review for all of us as we approach our flight review or a checkride of any kind.

**Directions:** Main Meeting Room

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
